

CENTENNIAL
WATER AND SANITATION DISTRICT

Position Announcement Field Pipeline Maintenance Technician I

Centennial Water and Sanitation District is currently accepting applications for a **Field Pipeline Maintenance Technician I**. This position requires working in the field performing routine maintenance and repairs on the water and wastewater systems throughout the Highlands Ranch community. Routine maintenance to include: valve exercising, valve repair and replacements, fire hydrant testing, maintenance and replacements, water main and service repairs, manhole inspections, sanitary sewer video inspections, and pipeline jetting.

This is a full-time position working forty (40) hours per week, Monday through Friday. Requires being “on call” for emergency response and requires a 30 minute response time.

Applicants must have a high school diploma or GED equivalent; a valid Colorado driver’s license and acceptable Motor Vehicle Record. Applicants with underground pipeline construction and repair experience, and /or the ability to efficiently and safely operate heavy equipment is a plus. Applicants with Colorado Collection and/or Distribution Certification are preferred.
