

CENTENNIAL
WATER AND SANITATION DISTRICT

Position Announcement Water/Wastewater Operator Intern

Centennial Water and Sanitation District will be seeking applicants for a Summer Wastewater/Water Operator Intern. Successful applicants must have the desire to work as part of a great team and be willing to learn in a fast-paced environment.

Centennial Water and Sanitation District provides potable drinking water and treats wastewater for the Town of Highlands Ranch. The District is currently undergoing an expansion of the Marcy Gulch Wastewater Plant; which provides an opportunity to work with the latest technology in the industry.

Duties will include:

- Becoming familiar with water/wastewater treatment processes
- Assisting Operators with daily duties
- Assisting Process Control Operator to run lab samples
- Helping Leads with special projects

This is a paid internship with a semi-flexible schedule. Seeking current students or recent graduates with interest in water/wastewater management, resource management, engineering, biology or chemistry.

Applicant must be hard working, prompt and responsible. You must be able to effectively work alone or with others.

Pre-employment screening, which includes background check, drug screen and motor vehicle record check will be performed for all candidates who are offered employment.
